

Tile Redi is the inventor of Tile Ready shower products. Tile Redi is both the industry innovator and industry leader of the Tile Ready shower products and accessories. Tile Redi has the industry's largest selection of Tile Ready shower products, including the following: Single Curb Redi Bases, Bathtub Replacement Redi Bases, and ADA and Barrier Free Redi Bases; Redi Niches for soaps and shampoos; Redi Drains for custom shower base drain finishes; and Redi Flash for a patented and unique water proofing shower solution.

REDI BASE[™] (Tile Ready leak proof shower bases)

Tile Redi manufactures three categories of Redi Bases: Single Curbed Redi Bases, Bathtub Replacement Redi Bases, and Barrier Free and ADA Redi Bases. Our Tile Ready Redi Bases are one piece shower pans with fully integrated drains, integrated splash walls, integrated curbs or barrier free entrances, and integrated pitch 1/4 inch per foot to the drain. Our Redi Bases are patented and UL listed and comply with all local building and plumbing codes. All of our Redi Bases have the following unique features:

One-Piece Shower Pan

- Built-in curb or barrier free entrance
- Built-in side splash walls & drain
- Floor pre-pitched 1/4" per foot

Leak-Proof, Mold-Free

- 100% leak-proof shower pan
- No seams and no liner
- NO LEAKS! NO LIABILITY![™]

Easy Installation

- Easy do-it-yourself installation
- Installs in less than one hour
- Saves time and money

Tile Ready®

- Once installed, it's ready for tile
- Use tile, or stone of choice
- Set tile or stone on pan surface

REDI NICHE™ (Tile Ready shampoo & soap niches)

Redi Niche is the Tile Redi's solution for messy shampoos and soap containers in the shower. Our Redi Niche provides are Tile Ready Niches built into the shower walls which permit the shampoos to be organized and readily available while showering in a tiled built-in niche.

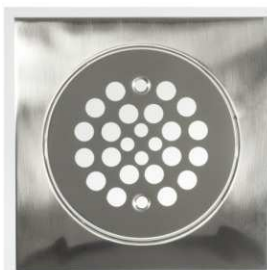

REDI DRAIN™ (Designer drain plates)

Redi Drain is the Tile Redi solution for enabling the shower to have designer drain plates for the shower drain so that the shower drain plate can match the plumbing hardware in the shower and the bathroom.
