### HVAC U.S.A. - Product Catalog

#### **GENERAL TERMS AND CONDITIONS OF SALE**

ALL ORDERS ACCEPTED SHALL BE SUBJECT TO THE FOLLOWING CONDITIONS:

- 1. BUYER'S ASSENT TO THESE TERMS AND CONDITIONS. (a) Seller hereby objects to and rejects any and all different or additional terms or conditions contained in any order submitted to Seller by or on behalf of Buyer unless specifically agreed to in a writing signed by an officer of Seller. Under no other circumstances are any such different or additional terms to be considered a part of this Agreement. (b) No representative or agent of Seller has any authority to make any different or additional representations or warranties on behalf of Seller. (c) All contracts or orders are subject to acceptance and approval by the Seller at its main office.
- 2. PRICES & PAYMENT TERMS. Prices for the goods described herein (the "Goods") shall be as in effect at the time of shipment. The price is payable net thirty (30) days. Interest shall be paid on demand on past due amounts at the rate of [two percent (2%) per month] or the highest lawful rate, whichever is less.
- 2.1. ORDER CONFIRMATION, PRICE CHANGE & MINIMUM ORDERS. When your order is placed with Venmar, a "sales acknowledgement" is automatically faxed or emailed to you. This is to make sure that the following information is accurate: shipping address, unit cost, part number and quantities, ship date, shipping terms and your order number. Upon receipt of our "sales acknowledgement", it is your responsibility to inform us immediately of any discrepancy. If no indication of discrepancy is received, your order will be processed as per acknowledgement. Do not hesitate to contact us for any modifications, i.e.: fax number, sales contact, etc. Due to our "just-in-time" production process, Venmar reserves the right to extend the time of delivery according to the quantity ordered. If this modification should occur, the shipping date will be changed accordingly on the "sales acknowledgement". Venmar Ventilation Inc. reserves the right to change prices and specifications without prior notice.
- 2.2. MINIMUM ORDERS. For any order under \$50 net, \$15 administrative fees will be charged, excluding service parts. Prepaid shipment: \$5 000 net (see description of Prepaid at item 3.1).
- 3. SHIPPING & TRANSPORTATION. (a) The price for the Goods does not include charges for freight, packaging, insurance, or federal, state or municipal taxes, all of which are the responsibility of Buyer. Prices are based on shipping the entire order at one time. (b) All shipping dates are estimates and do not guarantee a particular date of shipment. All schedules shall be subject to any reduction in plant capacity and any unavailability of materials or tooling. SELLER SHALL NOT BE LIABLE FOR ANY LOSSES OR DAMAGES (WHETHER INCIDENTAL, CONSEQUENTIAL OR OTHERWISE) RESULTING FROM ANY DELAYS IN SHIPPING OR DAMAGE OCCURRING DURING SHIPPING. (c) Seller may ship the Goods to Buyer's address as shown on the face hereof (the "Shipping Address") by any commercially reasonable means and may select the carrier and route. Delivery of the Goods by Seller to a carrier at Buyer's plant shall constitute tender of delivery to Buyer for all purposes. All risk of loss with respect to the Goods shall pass to Buyer upon tender of delivery. Seller does not insure Goods against loss or damage in transit. (d) The products covered by this order are subject to an over-run or under-run not exceeding 5% of the quantity specified for any item.

#### 3.1. SHIPMENTS

COLLECT: All merchandise is packaged carefully to avoid damage in transit. The purchaser assumes full responsibility for shipments sent "collect", once the merchandise has been picked up at Venmar by the transport carrier.

PREPAID: Venmar is responsible for all freight claims on prepaid shipments. All damages and / or losses on prepaid shipments must be reported to Venmar within 48 hours after the carrier has delivered the shipment. Upon reception of the merchandise, the customer (receiver) is responsible for counting the number of packages as well as the number of skids. Any irregularity, damage or shortage must be clearly specified on the bill of lading at the time of delivery or Venmar will not be held responsible.

4. BUYER'S RESPONSIBILITY FOR CHOICE AND USE OF GOODS. Buyer acknowledges being fully aware of the inherent limits of performance and use of the Goods and of their maintenance requirements. Buyer has the ultimate responsibility to inform its purchaser(s) or the end-user(s) of the Goods of the aforesaid limits and requirements. Buyer is solely responsible for the choice of the type and model of unit being purchased and seller makes no representations as to suitability for use. Buyer acknowledges that the type and model chosen by the Buyer is based on the following criteria and will be used in a "Building" as defined below:

Building: All structures zoned and/or erected for the act, process or art of human or animal habitation and/or the storage or warehousing of goods.

Residential use: Dwelling, lodging, suite,: Building, or part of a building, intended to act as either the domicile to one or several people which can include general sanitary, food consumption and rest facilities. Buildings of only one room or a group of rooms including those occupied by a tenant or owner; comprise the lodgings, the individual rooms of the motels, hotels, rooming/lodging houses, boarding/half-way/foster homes, dormitories, and suites, as well as the stores and the business establishments constituted by only one room in a dwelling.

Commercial use: Agricultural establishment, commercial establishment for assembly, care, or detention,: Building or part of a building that does not contain a dwelling, situated on land dedicated to agriculture or farming and used primarily to shelter animals, or for the production, the storage or the treatment of agricultural or horticultural products or animal food. Building or part of a building, used for the display or retail of goods, professional or personal services, or commodities. Building, or part of a building used by persons gathering for civic activities, religious or political assembly, tourism, educational/vocational training, recreation or the consumption of food or drink. Building, or part of a building used to shelter persons of impaired physical or psychological states, persons requiring palliative care or medical treatments, or persons for reasons out of their control, cannot escape harm or threat of danger autonomously.

Industrial use: Building, or part of a building, used for the assembly, the manufacture, the creation, the treatment, the repair or the storage

Industrial use: Building, or part of a building, used for the assembly, the manufacture, the creation, the treatment, the repair or the storage of products and combustible materials and that contain fuels that when ignited or exploded in sufficient quantity may constitute a risk of fire.

- 5. CERTIFICATION OUTSIDE CANADA AND THE UNITED STATES. Buyer hereby acknowledges purchasing Goods that are certified for use in Canada and/or the United States (depending on the certification) and undertakes to ensure that all Goods conform to certification criteria of any other state or country and will assume to the exoneration of Seller the recertification and/or other compliance requirements under the laws of that other state or country.
- 6. INSPECTION AND ACCEPTANCE; RETURNED GOODS. Buyer at its expense shall inspect the Goods immediately upon receipt at the Shipping Address and, within the following thirty (30) day period, Buyer shall be deemed to have irrevocably accepted the Goods. Goods may not be returned, and will not be accepted for return by Seller, without the prior written approval of Seller. All defective merchandise must be returned within thirty (30) days after its shipment by VENMAR VENTILATION INC. A twenty per cent (20%) handling charge will be made on all authorized and acceptable returned merchandise. There will be no handling charge on merchandise found upon VENMAR VENTILATION INC.'s inspection to be defective or on merchandise shipped by VENMAR VENTILATION INC. in error.

- 7. ACT OF GOD; ADJUSTMENTS. If performance by Seller is delayed or made impracticable or burdensome by any cause beyond Seller's control, including, without limitation, acts of God, fire, flood, explosion, vandalism, sabotage, riot, insurrection, severe weather, curtailment or termination of Seller's regular sources of supplies, inability to obtain or a delay in obtaining licenses, permits, materials or equipment, acts or omission of Buyer, its agents or representatives, shipping delays, strikes or other disputes involving Seller or its subcontractors or suppliers or any existing or future laws or acts of any government or regulatory body, then (i) Seller shall be excused from performance to the extent that and for so long as such performance is delayed or made impracticable or burdensome by such cause, and (ii) Seller may adjust the price of the Goods.
- 8. CANCELLATION; STOP WORK. (a) Orders are non-cancelable and Buyer shall not be relieved from any obligation under this Agreement without the prior written consent of Seller. (b) In the event of Buyer's default hereunder, Seller has the right to immediately cancel this Agreement, stop work, refuse to ship or stop delivery of any Goods, recover any losses or damages incurred by Seller as a result thereof, as well as seek any other remedy provided by law. Buyer's default means (i) Buyer's insolvency or the filing or institution of a proceeding under any bankruptcy, reorganization or similar law, by or against Buyer, (ii) an assignment for the benefit of creditors by Buyer, (iii) the appointment of a receiver, trustee or custodian for any of the property or assets of Buyer, and (iv) Buyer's otherwise being in default of any obligation to Seller hereunder or otherwise. (c) By Submitting an order to Seller, Buyer warrants, represents and covenants that it is solvent now and will be solvent at shipment and agrees to notify Seller immediately in writing upon the occurrence of any of the events set forth in the foregoing Section 7.
- 9. LIMITED WARRANTY. Seller warrants the Goods to be free from defects in materials manufactured by Seller and in Seller's workmanship for a period of one (1) year, unless otherwise specified, after tender of delivery (the "Warranty Period"). THIS LIMITED WARRANTY (a) IS IN LIEU OF, AND SELLER DISCLAIMS AND EXCLUDES, ALL OTHER WARRANTIES, STATUTORY, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR OF CONFORMITY TO MODELS OR SAMPLES; (b) does not apply to any Goods which have been (i) repaired, altered or improperly installed; (ii) subjected to improper use or storage; (iii) used or incorporated with other materials or equipment, after Buyer or anyone using the Goods has or reasonably should have, knowledge or any defect or nonconformance of the Goods; or (iv) manufactured, fabricated or assembled by anyone other than Seller; (c) shall not be effective unless Buyer notifies Seller in writing of any purported defect or nonconformance within thirty (30) days after Buyer discovers or should have reasonably discovered such purported defect or nonconformance; and (d) shall only extend to Buyer and not to any subsequent buyers or users of the Goods. Buyer shall provide Seller access to the Goods as to which Buyer claims a purported defect or nonconformance. Upon request by Seller, Buyer shall, at its own risk and expense, promptly return the Goods in question to Seller's Plant.
- 10. BUYER'S REMEDIES. Sellers liability for any breach of this limited warranty is limited to either (i) repair or replacement of any nonconforming components of the Goods, or (ii) upon return of the nonconforming Goods, return of the amount paid therefore, whichever Seller shall elect. Seller's liability shall in no event be greater than the price of the item and shall not include any labor, shipping or other costs incurred in connection with any such repair, replacement, reinstallation or reshipment. Any nonconforming Goods returned to Seller must be accompanied by proof of purchase and the transportation of the Goods must be prepaid. Any Goods that are repaired or replaced by Seller shall be re-delivered to Buyer F.O.B. Seller's Plant and shall be warranted, subject to the terms hereof, until the expiration of the original Warranty Period. Notwithstanding the foregoing, Seller shall have no warranty obligations unless and until Buyer performs all its obligations hereunder, including payment in full of the purchase price. THE REMEDY SET FORTH IN THIS PARAGRAPH SHALL BE BUYER'S SOLE AND EXCLUSIVE REMEDY AGAINST SELLER AND BUYER WAIVES ALL OTHER REMEDIES AGAINST SELLER.
- 11. INDEMNIFICATION. Buyer shall defend, indemnify and hold harmless Seller and its shareholders, directors, officers, affiliates, predecessors, successors and assigns, from and against any and all claims, actions, causes of action, liabilities, liens, losses and costs (including, without limitation, the costs of litigation and attorneys' fees), relating to the Goods or any device, material or thing to which the Goods are attached or of which the Goods are made a part of within which the Goods are enclosed, regardless or whether Seller may be wholly, concurrently, partially, jointly or solely negligent or otherwise at fault.
- 12. LIMITATION OF LIABILITY IN GENERAL. Except as provided herein, in no event whatsoever shall Seller or any of its shareholders, directors, officers, affiliates, predecessors, successors and assigns, for any loss or damages on any kind, whether direct, incidental, consequential, exemplary, special or otherwise relating in any way to this Agreement or acts of omissions in connection herewith (including, without limitation, the performance or non-performance of this Agreement and the use of or the loss of use of any of the Goods or other property), regardless of whether Seller and/or others may be wholly, concurrently, partially, jointly or solely negligent or otherwise at fault.
- 13. TIME LIMITATION ON ACTIONS; WAIVER. (a) Any action by Buyer relating to this Agreement or the Goods must be commenced not later than one (1) year after tender of delivery of the Goods. If Buyer fails to commence any such action within such one (1) year, the action shall be deemed barred and Seller shall have no liability whatsoever to Buyer. (b) No failure of Seller to require strict performance by Buyer of this Agreement shall waive, affect or diminish any right of Seller to demand strict performance of this Agreement thereafter. The rights and remedies herein reserved to Seller shall be cumulative and in addition to any other rights and remedies provided by law.
- 14. SELLER'S RIGHTS IN GOODS SOLD. All merchandise remains the property of Seller until the purchase price has been fully paid.
- 15. COSTS OF COLLECTION. Should Seller be required to retain attorneys to recover any unpaid amount in capital and/or interest, Buyer will pay as a penalty an amount equal to twenty five per cent (25%) of the amounts there owed as compensation for the fees and disbursements incurred in the recovery, regardless of the actual amounts incurred by Seller.
- 16. GOVERNING LAW; CONSENT TO JURISDICTION. This Agreement shall be deemed to have been made under, and shall be construed and interpreted in accordance with, the substantive laws of Ontario, without regard to any choice of law rules or principles. Buyer hereby submits to the jurisdiction of the courts of the Province of Ontario, and said courts shall have exclusive jurisdiction and venue to adjudicate the rights and obligations of the parties relating in any manner to this Agreement.
- 17. SEVERABILITY. If any provision of this Agreement is held by any court to be invalid or unenforceable, such provision shall be deemed to be modified or deleted, but only to the extent necessary to enable that and the remaining provisions of this Agreement to be valid and enforceable.
- 18. NO ASSIGNMENT. Buyer may not assign any rights or obligations under this Agreement without prior written consent of Seller.

### Ventilation: A vital system for a healthy home

All homes require adequate ventilation for the safety of their occupants and to remove excess humidity, airborne pollutants and odors. As homes across the country are built and renovated with energy conservation in mind, they are more air-tight, and the need for balanced mechanical ventilation is even more obvious. Without fresh air, carbon dioxide, odors, dust, airborne pollutants and excess humidity are kept indoors, potentially causing or aggravating problems to occupants' health and comfort, and encouraging mold growth. Clearly, effective ventilation is a vital system in a healthy home. A balanced mechanical ventilation system with heat or energy recovery is an ideal way to meet both building codes and the requirements of many energy efficiency programs such as LEED®, ENERGY STAR® for New Homes, BuiltGreen<sup>TM</sup>, R2000 and many more.

## Venmar® AVS: Leading the way in indoor air quality technology

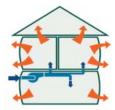

For over 30 years Venmar has redefined ventilation by combining innovative technology, expertise and quality manufacturing to offer the most advanced and extensive lines of heat and energy recovery ventilators available. Our HRVs and ERVs will meet the ventilation requirements of practically all builders, remodelers and homeowners across North America.

Venmar AVS units can be installed with multiple air intake and air exhaust grilles so they can revitalize every corner of a home. They can easily be integrated with the existing forced-air system or be installed independently. Venmar AVS is a symbol of quality: all units are HVI and cUL certified and most are ENERGY STAR® qualified. Venmar has been a member of the Home Ventilating Institute (HVI) since 1991, assuring customers that our products meet strict performance standards. Venmar is also a member of the Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI) who offers leadership and training programs for the advancement of its members' business and promotes a code of ethics for consumer protection and safety.

Before choosing a Venmar AVS air exchanger model there are a few things homeowners and builders must consider, such as the importance of maintaining neutral indoor air pressure and how climate plays a crucial role in determining which type of air exchanger will provide the most benefit to a home indoor air environment.

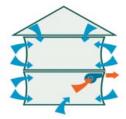

## **Equalizing Indoor Air Pressure: A Crucial Balancing Act**

It is important not to neglect the impact of an unbalanced ventilation system. If an air exchange unit does not expel and intake equal amounts of air, a negative or positive air pressure imbalance occurs.

#### Positive air pressure

- Pushes hot and/or humid air into walls and insulation; condensation can lead to mold, mildew and rot
- Heat loss

#### Negative air pressure

- Infiltration of unconditioned air increases risks of mold and higher energy costs
- Potential backdraft from combustion appliances

#### **Equal air pressure**

- Supply airflow is equal (CFM) to stale air exhaust
- Balancing is required on all units unless specified otherwise.

## Which type of ventilator will respond best to the homeowners' environment? HRV or ERV?

Depending on your home geographical location, you will need to install one of the following categories of air exchanger: A Heat Recovery Ventilator (HRV) or an Energy Recovery Ventilator (ERV).

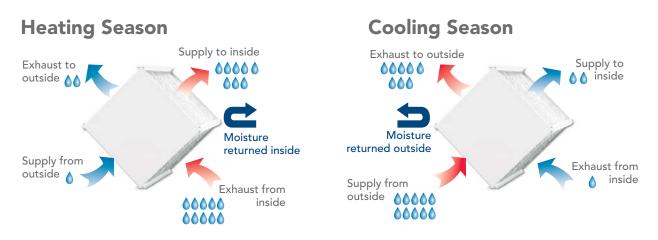

#### HRV - Heat Recovery Ventilator - Ideal for colder climates

In colder climates, where home heating is essential, the heat recovery ventilator (HRV) is the proper choice. The HRV keeps the home supplied with a steady flow of fresh outdoor air. As stale, warm air is expelled, the heat recovery core warms the incoming fresh, colder air before it is distributed throughout the home. The result is a constant supply of fresh air, no unpleasant drafts and greater home comfort. In addition to heat recovery and improved air quality, the HRV provides necessary ventilation while controlling excess humidity.

#### **ERV** - Energy Recovery Ventilator - Year-round ventilation

ERVs are suitable for all climates including those with hot, humid summers, where homes are air-conditioned and possibly dehumidified during large parts of the year. As the HRV, the ERV recovers the heat in cold season, however, it also recuperates the energy trapped in moisture, which greatly improves the overall recovery efficiency. The ERV process is as follows: In humid climates and air conditioned homes, when it is more humid outside than inside, the ERV limits the amount of moisture coming into your home. In dry climates and humidified homes, when the humidity level is reversed, the ERV limits the amount of moisture expelled from your home.

# S Series The ideal in-suite ventilation solution

Model No. 41702

- Ideal for condos, lofts and small homes
- Ultra-slim; Only 9 inches thick. The slimmest ERV available for high-rise towers
- The most energy efficient in its class
- The only Energy Star® qualified in its category
- The quietest in its category
- Innovative snap-fit and self-damping ceiling mountings for fast and easy installation
- No drain required
- Equipped with the ColdShield™ cold protection system
- 5-year warranty on parts and ERV core
- Washable core filters

# Series The Ideal Air Excorption of the Ideal Air Excorptio

## The Ideal Air Exchanger

- Ideal for condos, lofts and small homes
- Up to 90 CFM\* depending on model selection
- Our lowest priced HRV and ERV
- Fit almost anywhere such as a closet or above a hot water tank
- Available with horizontal or vertical ports (factory-configured)
- Quick and easy to balance and install with integrated hooks and drain fitting, chain and spring kit included
- Optional wall mount bracket available
- Quiet and efficient blower
- **Energy efficient**
- 5-year warranty on parts and ERV core; limited lifetime warranty on HRV core
- Washable core filters

Model No. 44502

## **E** Series

# The most efficient and environmentally-friendly air exchangers

- Ideal for high performance small to large-size homes
- Equipped with 2 powerful and reliable PSC motors or 2 state-of-the-art ECM motors providing significant electrical consumption savings (67% average compared to standard motors)
- All aspects designed to facilitate air flow balancing and simplify installation
- No drain required for most climate zones (ERV only)
- 5-year warranty on parts and ERV core;
   limited lifetime warranty on HRV core
- Washable core filters

Model No. 41126

New

New

# Constructo The complete line of air exchangers: economical and designed

ERV - HRV - HORIZONTAL - VERTICAL for new constructions

## **Constructo Air Exchanger**

- Ideal for bungalows or small surface areas
- Basic ventilation system, economic and robust, that controls excess humidity
- 2-year warranty on parts
- Washable mechanical filter

Model No. 41000 Deshumidistat 11297 included

#### **Constructo 1.0 / 1.2**

- Ideal choice for new single family small to mid-size homes, high-rise condos and other limited space applications
- Up to 120 CFM depending on model selection
- · Simple to install in a bulkhead or closet with its unique slim design and compact footprint
- Easy to balance with integrated dampers and pressure taps
- Available with horizontal or vertical ports (factory-configured)
- 2-year warranty on parts; limited lifetime warranty on HRV core
- Washable foam filters

Model No. 41500

Model No. 41506

Model No. 41556

#### **Unique ERV Core (5-year warranty)**

Counter cross-flow energy recovery core technology provides the most effective efficiency/volume ratio of all the units of its category. Model No. 47110

#### Constructo 1.5ES / 2.0ES

- Ideal for mid to large size homes
- Offer ventilation features to meet codes and standards operation at a value-conscious price
- Quick, effective installation: pressure taps, balancing dampers, integrated "snap-in" drain system and straps for insulated ducts
- Equipped with a heat recovery core (limited lifetime warranty)
- 5-year warranty on parts
- Washable foam filters

# **Solo**The Complete Comfort System

Model No. 47720

#### Solo 1.5ES/2.0ES & Duo 1.5/2.0

- Ideal for mid to large size homes
- The Solo family offers a complete solution to reduce excess humidity and expel gaseous pollutants
- The Duo family offers the ultimate heat and moisture recovery offered by ERVs
- ullet Very quiet SilentSure $^{\text{TM}}$  systems
- Totally reversible units to simplify installation

Model No. 47700

- Quick, effective installation: pressure taps, balancing dampers and straps for insulated ducts
- Solos are equipped with a heat recovery core (limited lifetime warranty) and Duos with a thermal wheel (5-year warranty).
   5-year warranty on parts
- Optimized by the Altitude\* wall control, which automatically maximizes home comfort
- Washable foam filters
- \* Sold separately.

## The High Efficiency System

Model No. 45400

#### HE 1.8/2.6

- Ideal for mid to large size homes
- Ultimate heat recovery performance and air flow up to 320 CFM
- $SilentSure^{TM}$  quiet operation
- For consumers living in cold climates who seek superior heat recovery performance compared to all other HRV systems on the market
- Optimized by the Altitude\* wall control, which automatically maximizes home comfort
- Optional controls allow you to customize unit for enhanced performance
- 5-year warranty on parts; limited lifetime warranty on core
- Washable foam filters
- \* Sold separately.

Refer to p.14 for a detailed list of compatible wall controls.

## The ultimate solution for the best

#### H50100H/H50100E

The HEPA filter included in this unit captures 99.97% of allergens and other microscopic particles and can help reduce the symptoms of allergies, asthma and other respiratory problems.

- Ideal for small size homes
- Low power consumption
- High efficiency recovery core
- Ultra-quiet
- Quick and easy installation

## Installation Accessories

#### **Grilles and Plastic Registers**

| Part Number                               | Description  |
|---|--|
| 00913 White register with damper 4" x 10" |  |
| 04790                                     | White interior grille 8" x 12"                         |
| 04400                                     | 8" Adaptor for interior grille (for part number 04790) |

#### **Transitions**

| Part Number | Description                    |
|-------------|--------------------------------|
| 05261       | T pipe 8" x 8" x 8"            |
| 01662       | 90° 4″ Elbow                   |
| 04319       | Y Tandem® insulated transition |

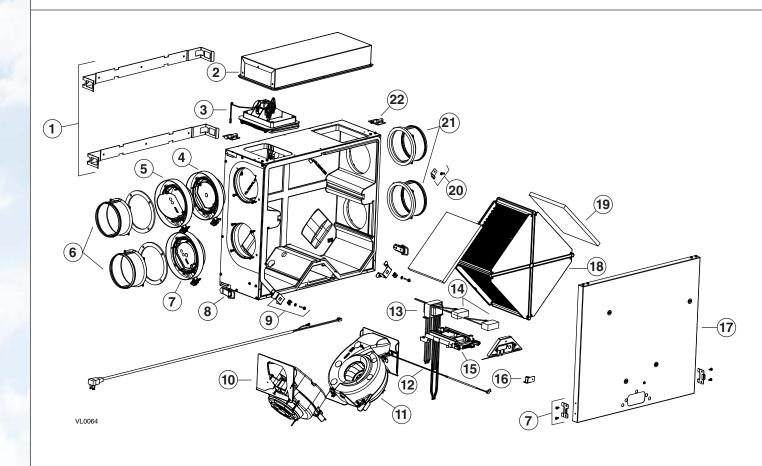

#### Air control dampers

| Part Number | Description   |
|-------------|---------------|
| 1603104     | ACD 6" 24 VAC |
| 1603106     | ACD 7" 24 VAC |
| 1603109     | ACD 8" 24 VAC |

NOTE: All air control dampers are supplied in the normally open (NO) position but can be easily converted to normally closed (NC) position.

### Wheels

| Part Number | For Model    | Description                         |
|-------------|--------------|-------------------------------------|
| 02014       | 5585 Compact | CCW wheel                           |
| 01178       | 5585 Compact | Wheel                               |
| 04356       | 2000 / 2000+ | Wheel (special version) 6.3" Ø x 4" |
| 12107       | HUSCH 200    | Wheel 7.125" Ø x 2.5"               |
| 1604174     | 1000         | Wheel 6.3" Ø x 3.25"                |
| 1604175     | 1000         | Wheel 6.3" Ø x 2.75"                |
| 1604176     | 2000 / 2000+ | Wheel 6.75" Ø x 4.25"               |

### Defrost parts

| Part Number | For Model                                 | Description   |
|-------------|---|---|
| 00938       | HUSCH 150 / TRADE 200                     | Damper actuator, 6 W  |
| 12895       | 1000 / 2000 / 2000+ (13 digit serial no.) | Thermistor kit  |
| 202286      | 2000 / 2000+                              | Damper blade assembly (Spring return style / 13-digit serial no.)     |
| 202351      | 1000                                      | Damper blade assembly (Spring return style / 13-digit serial no.)     |
| 1808114     | 1000 / 2000 / 2000+                       | Damper actuator, 24 V (8-digit serial no.)                            |
| 1808131     | 1000                                      | Damper actuator, 115 V (spring return style /<br>13-digit serial no.) |
| 1808132     | 2000 / 2000+                              | Damper actuator, 115 V (spring return style /<br>13-digit serial no.) |
| 1811201     | 2000 / 2000+                              | Damper reversal adaptor (8-digit serial no.)                          |

### OTHER SERVICE PARTS - EXISTING AND DISCONTINUED UNITS

#### **Doors**

| Part Number | For Model | Description   |
|-------------|-----------|---------------|
| 201322      | 1000      | Door assembly |
| 1804101     | 2000      | Door assembly |

### Timer / Capacitor / Relays

| Part Number | For Model                        | Description  |
|-------------|----------------------------------|--|
| 01077       | 1000                             | VARIQUIET resistor, 100 W, 100 Ohms                              |
| 01659       | Husch / Trade 150 and 200        | Circuit board for serial number manufactured before June 1, 1994 |
| 13029       | Constructo and TRADE 150 and 200 | Circuit board for serial number manufactured after June 1, 1994. |
| 1604181     | 1000, 2000 and 2000+             | Capacitor for fan motor 4 μF                                     |
| 1808109     | 1000, 2000 and 2000+             | Relay - DPDT, 24 V   |
| 1808122*    | 2000 and 2000+                   | VARIQUIET resistor, 100 W / 50 Ohms                              |
| 1808130     | 1000, 2000 and 2000+             | Circuit board (13-digit serial no.)                              |

### Installation accessories

| Part Number | For Model            | Description                           |
|-------------|----------------------|---------------------------------------|
| 00866       | 2000 and 2000+       | 6" double duct collar                 |
| 03106       | 1000, 2000 and 2000+ | Hanger strap (18" length - pack of 4) |

### Others (current units)

| Part Number | Description             |  |
|-------------|-------------------------|--|
| 00592       | Drain pipe 1/2"         |  |
| 10338       | Telephone type wire 40' |  |
| 11313       | Diagnosis wire          |  |
